Forecast For Southwest England
Issued by Met Office Exeter
at 1600 on Wednesday 24 Feb 2021

++ Valid for broadcast between 1800 and 0600

Headline:
Rain at times overnight with winds easing.

This Evening and Tonight:
A band of rain, heavy at times, will move eastwards across the region this evening, affecting mainly western areas. Overnight, rain will gradually ease but some outbreaks are still possible in places. Winds easing further and another rather mild night. Minimum temperature 7 deg C (45 deg F).

Thursday:
A cloudy start with lingering patchy rain in the east, then a dry day with sunny intervals. Less mild than recent days, with frost and patchy fog forming overnight. Maximum temperature 12 deg C (54 deg F).

Outlook for Friday to Sunday:
Early fog patches on Friday then a fine, bright day. Remaining dry over the weekend with plenty of sunny spells. Staying mild with overnight frost and fog possible.
